

By the Sea!

Summer 2 - Can you have a go at completing these activities at home?

Make sure you bring your work in to share with the class.

Science

Research which habitats and animals would be found at the seaside. Can you create a collage to show your findings?

Health/Wellbeing

Write down five things that you love about the seaside.

Compare your list with someone else's. Did you have any the same?

Technology

Make a seaside in a jar!
You could use real things like sand, shells and seaweed or get creative and make your own!

Create

Draw or paint a picture of a seaside town. Label it with as many things as you can.

English

Design and create your own sea animal and write a description to go with it.

Explore

Look at a map of the UK.

How many seaside towns can you find?

Write a list and see how many you can get!

Holidays of the past

Visit your local library or speak to older people you know. What was the seaside like when they were younger?

Has it changed much?
What did they love about

Maths

Create your own Menu for a Fish and Chip shop at the seaside.

How much would you charge for each item?
