

Easter Holiday Home Learning Menu

As part of the links between school and home, we would like you to choose one of the following activities to share with your child during the Easter half term holiday. These activities feature Easter fun and links to our next curriculum theme of Minibeasts. You can choose more if you like! Please bring the results (or send us a photo) back to school after the holidays so all of Foundation can share their learning together. Alternatively, you may wish to put home learning in your weekend book.

Don't forget to read, read, read!

Thanks for your support! ♥ The Foundation Team.

People often celebrate Easter by eating chocolate. Try making a sweet treat to share with your family.

Design an Easter egg. Can you create a repeating pattern on your egg?

Make a minibeast home. You could use recycled and natural materials.

Research your favourite minibeast. Can you create a fact card applying your new knowledge?

Go for a walk; look for minibeasts. Can you take photos of things you see?

Read a story in your garden with the minibeasts!

Make a minibeast picture. You could use paint, pens, pastels, collage etc.

Sing a minibeast themed rhyme to someone in your family. Can you add actions?
