

WELCOME

TO

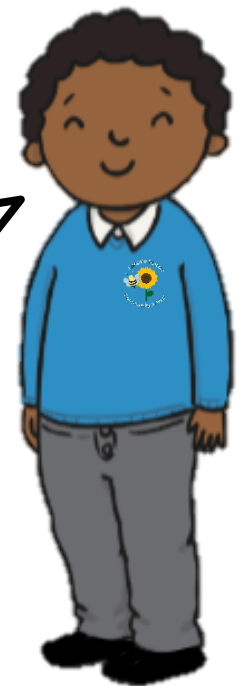

LANGOLD DYSCARR
COMMUNITY SCHOOL

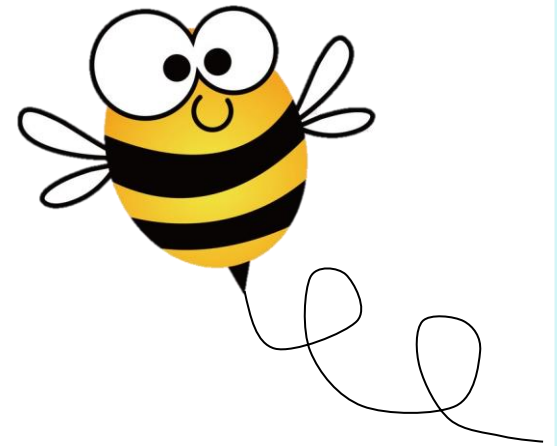

This is our school
where you will
learn, play and
make new friends.

Each class in our
school has a
special name. Our
class is called...
Bumble Bee Class

Miss Mace

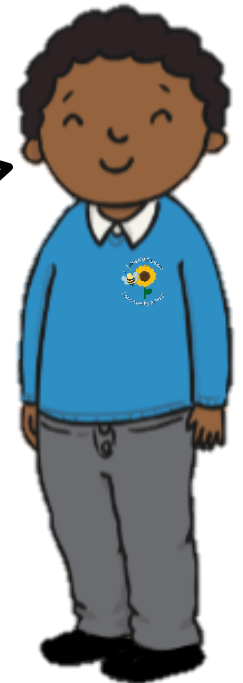

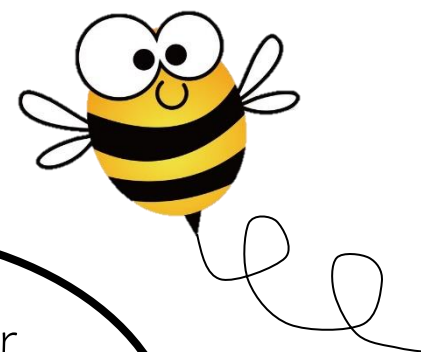

Mrs Bonser

Miss Mace is our teacher.

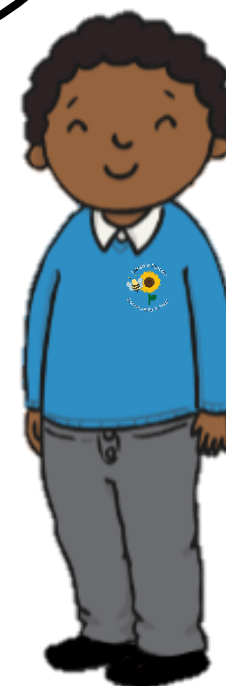

Mrs Bonser is our
teaching assistant.

They love us all lots!
They both can't wait to
see you on your first
day!

We don't wear
pyjamas to
school. We wear
a smart uniform.

Wake up.

Eat breakfast.

Get washed and brush
our teeth.

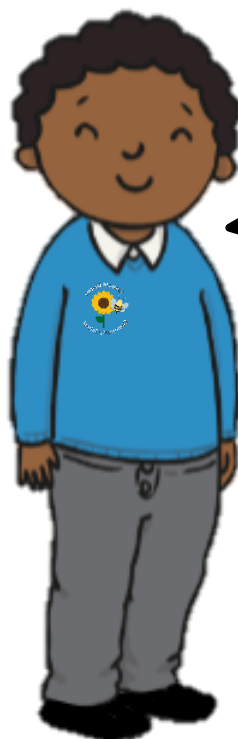

Get dressed.

Put on our coat
and pick up our
book bag.

Leave for school.

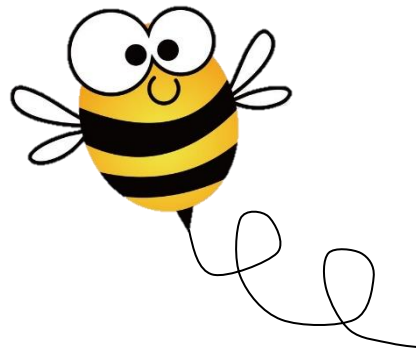

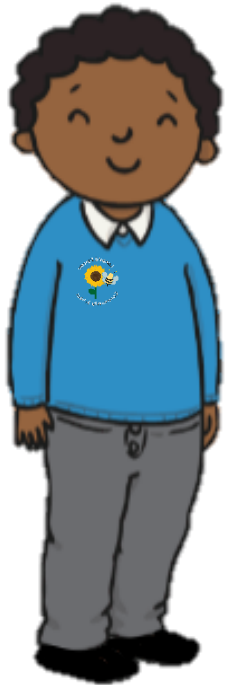

Our school
day starts
like this...

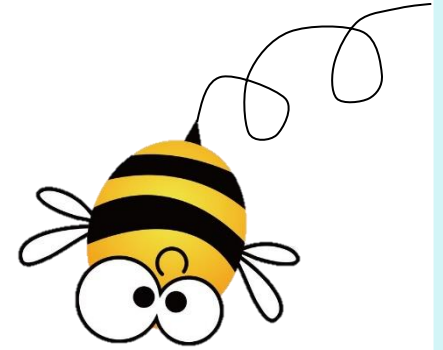

Sometimes my
Mummy drives me
to school in the car.
My favourite way to
get to school is
riding my bike!

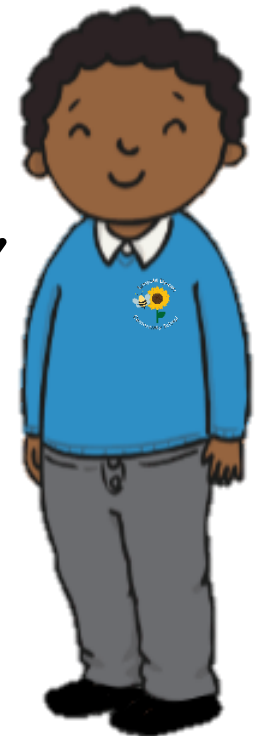

I walk to
school with
my Daddy.

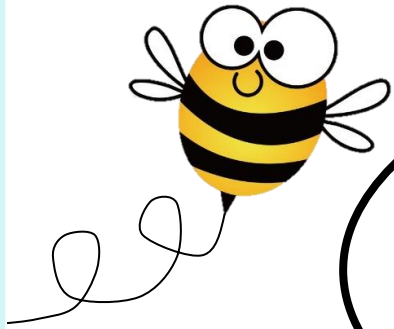

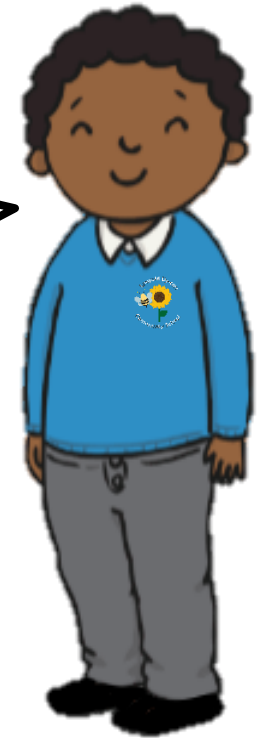

When we arrive
at school, we
chat with our
friends, until it is
time to go inside.

It can be a
little bit busy.
Everyone is
very friendly!

My Daddy sometimes says, "See you later alligator!" Even though there are ABSOLUTELY NO real alligators in school. (There are a few toy lions, bears and dinosaurs though!)

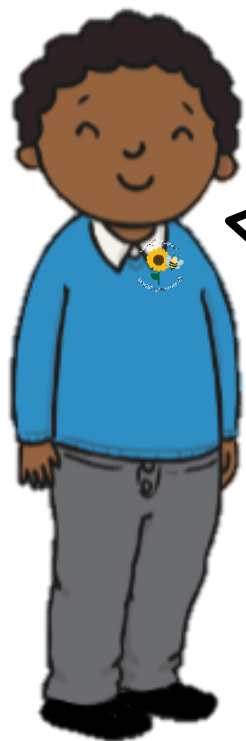

SNAP!
SNAP!

We say goodbye to whoever drops us off. Maybe with a hug or a wave.

When Miss Mace
opens the door, it is
time to start school.
We have some
special jobs to do
when we get inside...

We put our book bags in
the book bag box.

We find our peg
label and put our
coats on our pegs.

We write our names on our
name cards.

We sit on the carpet,
singing songs until all
our friends are ready
to say "hello" during
register time.

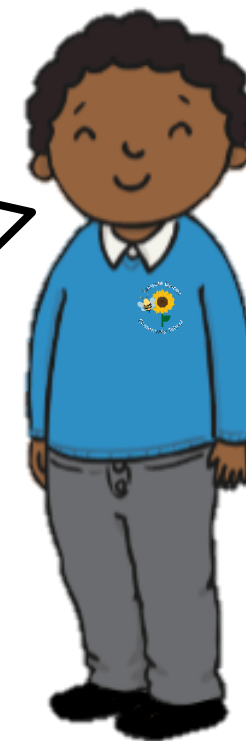

On Mondays, we have Sure Tots sessions. We come to school in our PE kits and have lots of fun dancing, climbing and playing team games with our friends.

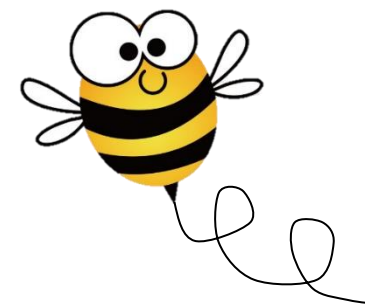

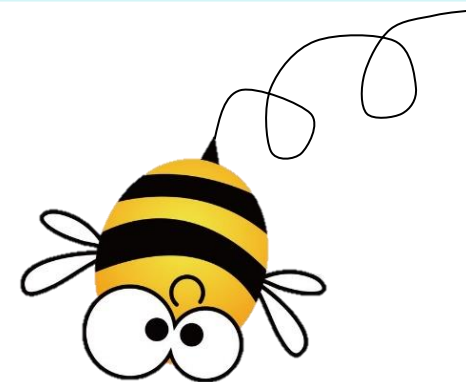

Every Friday, we put on our wellies and head off on an adventure in Dyscarr woods. This one of Miss Mace's favourite things to do, she loves to get muddy!

We love jumping in muddy puddles too! Remember to bring a hat, scarf and gloves when it is cold. We go on adventures in the sunshine, wind, rain and snow!

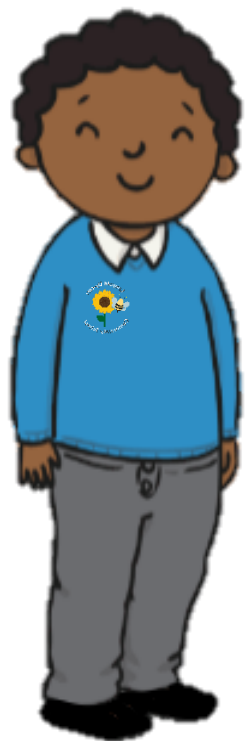

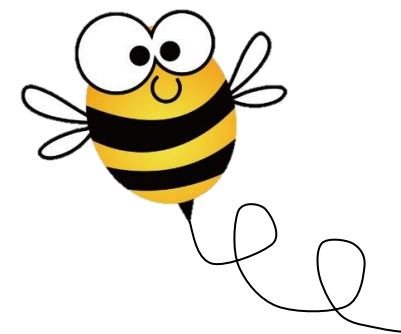

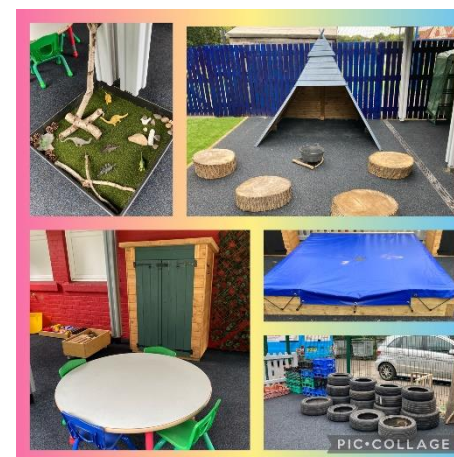

In our classroom, we learn through play. Every day we can sing, paint, build, read stories and explore!

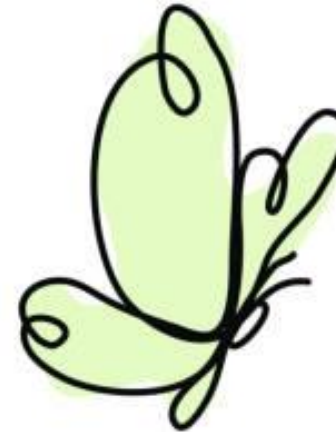

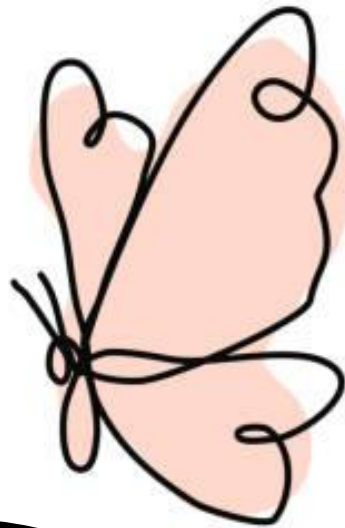

Our teachers are always around to help us!

I love to play
outside in our
Foundation
playground!

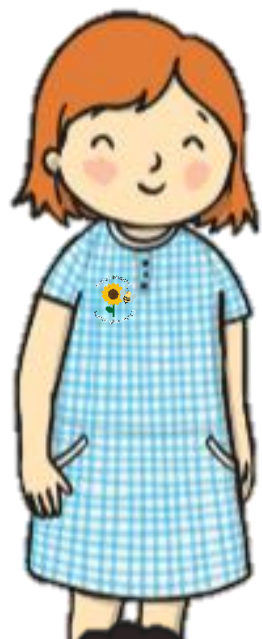

Before my first day at
school, I had butterflies
in my tummy.

I was not sure if I
would like school...

But now I love school. It
is so much fun!

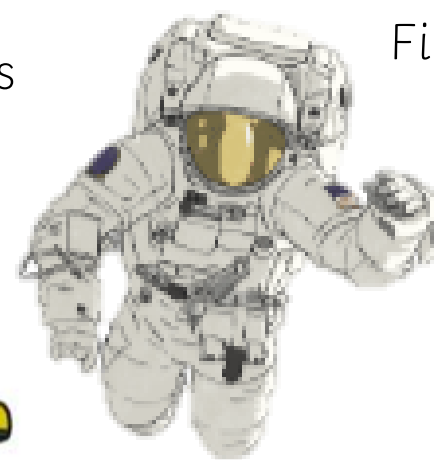

Our parents say we
have to go to school
so that one day we
can be...

Dancers

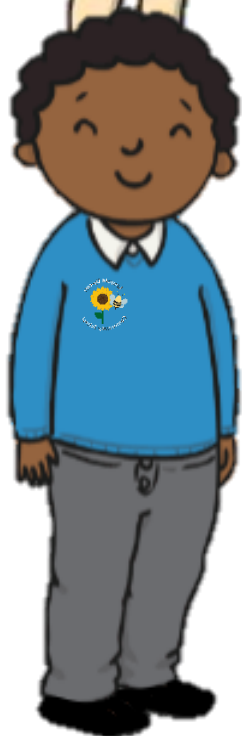

Firefighters

Astronauts

Doctors

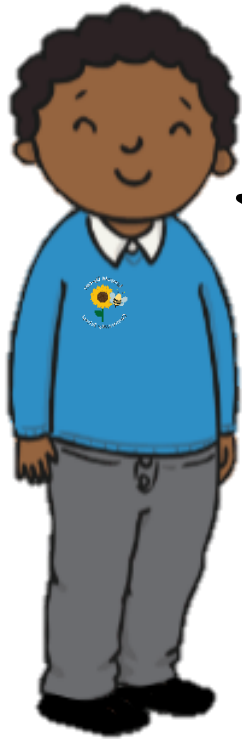

So we go to school
to learn how to
become who we
want to be when
we grow up.

Farmers

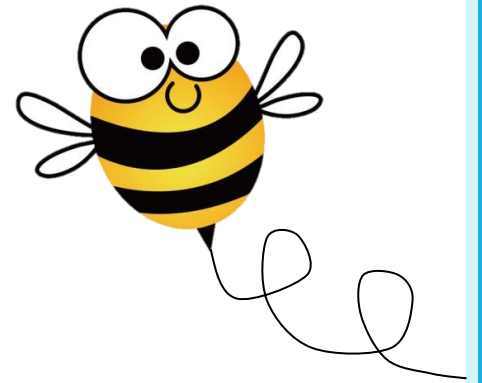

At the end of our school day, we
say goodbye to our teachers and
our friends.

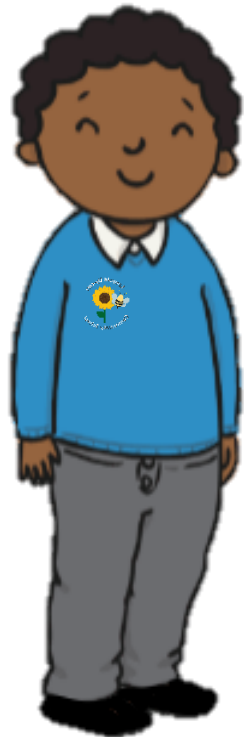

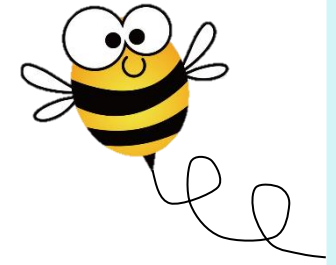

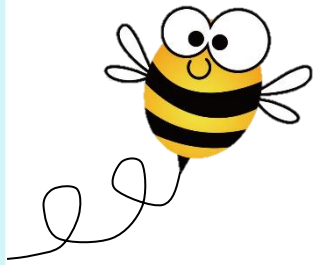

Someone picks us up and we tell
them all about our amazing day.

Goodbye Holly!

Goodbye Jacob!
I wonder what we
will do at school
tomorrow?

We are looking
forward to
seeing you soon!

School is the
best
adventure!
