

# Chocolate!

Autumn 1 - Can you have a go at completing these activities at home?

Make sure you bring your work in to share with the class.

## Science/Technology

Compare two different chocolate bars and say which you prefer and why. List similarities/differences

## Create

Make your own chocolate factory using recycled materials, lego, playdoh, clay etc.

## Create

Design a brand-new chocolate bar. Give it a name and draw it.

## Chocolate fact file

Collect facts about chocolate. Think about where it comes from, what it is made of, the different types and famous brands.

## English

Write a chocolate inspired poem and decorate the page

## Food technology

Design and make a menu for a 3-course chocolate meal! Remember, everything must contain chocolate.

## Create

Design a poster to advertise your favourite chocolate bar.

## Maths

Ask your friends and family about their favourite chocolate and present results in a tally or bar chart.
