

Pirates!

Summer - Can you have a go at completing these activities at home?

Make sure you bring your work in to share with the class.

Science

Investigate materials and objects which float or sink. Create a table to show your results.

Health/Wellbeing

Write or draw five special things you would put in your own treasure chest.

Technology

Design and make a pirate ship out of junk/recycled materials.

Create

Design or create your own pirate flag.

English

Write a pirate themed poem or story and decorate the page.

Explore

Look at maps of the world with an adult. Make a list of places you have been/would like to visit.

Pirate fact file

Visit your local library or research facts on the internet and create a Pirate fact

Maths

Create a pirate treasure map and give directions to find the treasure using the compass points.
